

Graduating All-Star Identification & Nomination Process

The High School season has started, and that means that it is also time to start considering athletes for the Graduating All-Star team. There have been many questions about the process of selecting the Graduating All-Star team, as such we have written out the process for coaches in detail below.

Coaches need to fill out and submit 2 forms; the “**Identification Form**”, and the “**Nomination Form**”.

1. Identification Form

We ask that each coach Fax/email a copy of the Identification form. On this form we ask that you list any athletes who may be a candidate for the graduating all-star team. This list will then be compiled and posted on the MVA website by early October.

Athletes identified in this process are not guaranteed to be selected as a Graduating All-star. The athletes listed on this list will be used by coaches from around the province to submit votes for athletes and the MVA will use the list to determine if they are eligible graduating players.

Submission of this list is very important to ensure athletes are correctly identified on zone nomination forms.

The Identification form must be faxed to the MVA (204) 925-5786 by the first week of October.

2. Nomination Form

Each coach needs to nominate 12 athletes from within their zone and 12 athletes out side of their zone.

Coaches should use the list of identified athletes on the MVA website to find out the athletes name and information. Please don't approach athletes in regards to the nominations.

The nomination form must be submitted to your Zone Convenor by Thursday November 12, 2009.

The zone convenors will compile the information from the nomination forms, and send it to the MVA. The nominations from all the zones will then be compiled by the MVA. Lastly the final decisions will be made by a selections committee in mid-November. The job of the selections committee is to only make decisions in the event of a tie.

Your participation in the process is very important and helps to ensure deserving athletes are not overlooked. We need everyone to take part in the process to make this event successful and to appropriately showcase Manitoba's best High School Volleyball Athletes.
